Igor Baranow

Supply Chain & Logistics specialist

I am a driven and dedicated logistics master's student of the last semester with a passion for delivering impactful results. With a proactive mindset and strong problem-solving skills, I thrive in fast-paced environments. As a collaborative team player, I am committed to contributing to your company's success through my expertise and drive for excellence.

Experience

6/2022 - 10/2022 [4 months]

Biedronka Jerónimo Martins - Warsaw, Poland

Intern Logistics operations analyst

- Monitored and reported key performance indicators to optimize logistics processes in Distribution Centers.
- Identified and successfully implemented opportunities to optimize transportation. Thanks to these changes, transportation has been reduced by 833 km per day.
- Updated data for analysis and actively sought innovative solutions to streamline operations.
- Collaborated with cross-functional teams, including Supply Chain, to enhance efficiency and effectiveness.
- Thanks to my knowledge in the field of logistics processes and programming, I actively participated in the implementation of a system for tracking the turnover of refrigerated containers.
- Active involvement in the opening of one of the largest distribution centers in Poland. I was appointed assistant director of the center in order to create detailed documentation of all processes in the center.

10/2021 - 06/2022 [9 months]

Odyllion - Warsaw, Poland

Logistics Department Assistant

- Collaborated with suppliers and carriers to arrange transportation logistics, optimizing processes for efficiency and cost reduction.
- Prepared essential documents (GRN, GIN, STN, ITN) and coordinated with external expedition companies for seamless and timely goods transportation.
- Proactively sourced transport solutions and fostered long-term partnerships to ensure efficient logistics operations.
